Good morning,

Chairman Lee and Chairman Weisz and Members of the Joint Technical Corrections Committee, for the record, I am Rick Clayburgh, President and CEO of the North Dakota Bankers Association. NDBA supports HB 1512, which establishes the "In-State Impact Investment Committee". We believe the make-up of the of the committee in relations to the State Investment Board is critical to fulfilling the goals of HB 1425.

We urge your favorable support of HB 1512.

Thank you,
